Mr. George Englemann

Dear Sir } I desire very much to obtain a copy of your valuable work upon the cactus plants, published I believe by a St Louis scientific society. There is no copy in our libraries here, either public or mercantile. By giving me directions for procedure, or sending a copy to my address if convenient you will very much oblige me. I will send you the money by return mail.

Yours very truly

J. U. Lloyd

Dr. Geo. Englemann

Dear Sir

Would you kindly advise me in regard to the inclosed species of Euphorbia:-

I have for several years distributed it as Euphoria and no one has corrected me but on close study this fall I think it must be maculata,

I line from you will settle the matter and be greatly appreciated

Yours Truly

C. G. Lloyd
